

Secretary Candidate

Kansas APCO Members - I am seeking your support and vote to be the next Kansas APCO Secretary. I am currently a shift supervisor and the QA Manager at Butler County Emergency Communications. Growing up in Anderson County and starting my 911 Public Safety career in 2008 with the Lola Police Department, I have been with Butler County Emergency Communications starting my 10th year at this time. 911 Emergency Communications is a career that I truly enjoy. During my time in public safety I have had the opportunity to work and train with people from around the globe, as a quality assurance instructor. I have had the pleasure of working with leaders here in Kansas on the Text-to -911 committee. This experience and connections that I have made provides us with resources for the betterment of our Kansas APCO Chapter. In 2015 I was named Dispatcher of the Year for Butler County from the International Association of Insurance Professionals, and 2018 I was awarded one of the 8 life saves awarded to Butler County Emergency Telecommunication Officers that year. When I am away from work I enjoy spending time with my nieces and nephews, catching up with friends, working on family genealogy and spending time with my boyfriend Chris. I would appreciate your support and vote to be your next chapter Secretary.

Sincerely,

Jody Mader
